APPROVAL REQUEST FOR KANO STATE BUSINESS ENABLING REFORMATION PLAN (BERAP) 2024

Your Excellency may kindly recall the gracious approval for KanInvest to lead on the World Bank State Action on Enabling Reform (SABER) programme. I am writing to seek your approval for the 2024 Kano State Business Enabling Reform Action Plan (BERAP 2024) (Appendix I and II), a prerequisite for securing a \$6,000,000.00 grant from the World Bank.

2. The plan was designed along with key stakeholders from strategic MDAs, and assigned specific tasks to the relevant MDAs, incorporating a tracking mechanism for effective monitoring and coordination. The proposed reforms span various parameters such as access to information, digitalization of the tax system, investment incentives, streamlined land acquisition processes, dispute resolution, and fair competition.

3. Your Excellency, the successful implementation of these reforms will significantly enhance the business environment in the state, attracting investments and qualifying us for the \$6,000,000.00 grant from the SABER program.

4. In light of the above, I respectfully request your **APPROVAL** for the Kano State Business Enabling Reform Action Plan 2024. This critical step will position the state to benefit from the World Bank's incentives and elevate its status on the global investment map.

5. Respectfully submitted, Sir.
